

National Sons of AMVETS
David Spencer
National Judge Advocate

May 20, 2023

My fellow Sons,

As you may know, the National Constitution and By-Laws were amended in 2019 to require resolutions to be postmarked by May 31st instead of 30 days before Convention. The practical upshot for this is that it means that you should have an opportunity to review the Resolutions within your Department at your State Convention, so your delegates to the National Convention can know what the Department thinks before casting a vote.

To assist with that, immediately following this page, I have an Executive Summary. This Executive Summary includes the Resolution #, subject of the resolution, who submitted it, Who the resolution affects, and then a short overview of said resolution

The resolution packet is still in a state of flux as resolutions may still be submitted, but may require a higher level of vote depending on what the resolution seeks to accomplish. If anything further is submitted, we will post this on the national website, www.sonsofamvets.org.

Judge Advocates: please review these with your State and Squadron membership. If you are sending any delegates to the National Convention, please be sure to let them know about these in advance so that they can best represent the wishes of your Squadron.

We hope to see you soon in Pittsburgh!

PNC David Spencer
